To Whom It May Concern:

Katie Hidden started with me several years ago, when I was looking for someone to take over the creative activities I was handling on my own, so I could grow my small media company into a bigger one. Having her as my executive assistant and video editor for the last few years has been a huge help. When Katie began working for me, we were just beginning the process of editing Season 2 of our national television series, "Taste the Islands". Since then, she has participated in the publication of two cookbooks with a third on the way, assisted in the planning of culinary events in multiple states, supported the publication of our print and online magazine properties, and has been the main communicator with our growing fan base, among other roles.

I could always count on her to help me with anything I needed, from doing research, to editing graphics, writing copy for our websites and e-newsletters, to editing copy in our cookbooks – no job was too big or too small. She took on new assignments with eagerness and focus, and proved herself to be an astute, independent thinker. I could always count on Katie to deliver high quality, creative work in a timely manner. She's self-motivated, asks for clarification when needed, and takes constructive criticism in the spirit which it is given.

Apart from being an excellent employee, Katie is a wonderful person. She's kind, friendly, and has a great sense of humor. For her exceptional attitude and breadth of aptitude, Katie has proven herself to be an irreplaceable part of my company.

Warm Regards,

Calibe Thompson
